**AMBUSH**

DJ HOST PERSONALITY CONSULTANT

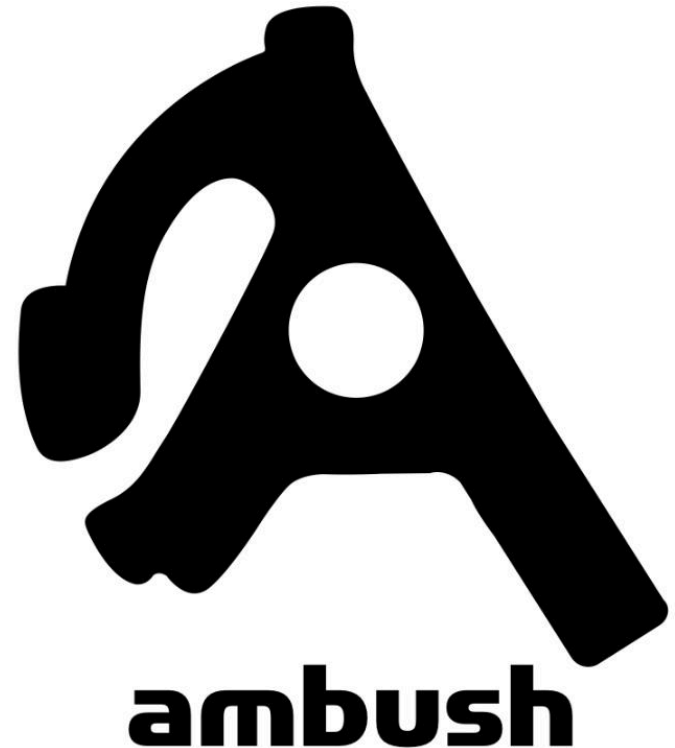

# “Who is Ambush?”

DJ, Event Producer, Radio Personality,  
Manager, Promoter...

Being a collector of music since the age of 14, DJ Ambush has always had a devout interest in making people dance. Starting out in the high school and basement party circuit he eventually graduated to nightclubs, retail locations, weddings, festivals, corporate sponsored events and then radio.

Spending 20yrs behind the turntables has opened many other doors for him. Launching his own events, managing artists and other dj's as well as organizing festivals.

Most recently Ambush has found his home behind the microphone hosting events and reaching out to his audience via the radio.

# You name it... he's spun it

Ambush has always prided himself on being able to give the people what they want. Seizing every opportunity to keep the bodies moving.
